

# Mister

naked in a gown  
open in the back  
waiting

the lab left a bruise  
did you say,  
'I look good'

palpitations  
it's not racing?  
just my nerves

you caught me  
in the cafeteria  
bacon and eggs

Doctor  
I've called you Mister  
hoping you remember  
what it is like (to be sick)
